Let me begin by thanking you for your consideration in becoming a Partner with the Jefferson County Development Corporation (JCDC). Since its formation in 2008, JCDC's partnership between business and civic leaders has been its enduring strength. In my experience as a board member, and now as Board President, I have seen first-hand how the collective contributions of our partners fuel business attraction, expansion, retention, and start-up assistance. This translates to more jobs and a higher standard of living for the citizens and employees of Jefferson County, Illinois.

A full range of benefits to businesses and partners is outlined within this brochure. Assistance is available to any businesses seeking it within Jefferson County. Partners give back to the community through their contribution and our businesses are ensured a collective voice alongside local government leaders through JCDC. This teamwork drives the community forward with a collaborative spirit, the sharing of ideas, and shouldering of initiatives that turn concepts into successful projects.

I invite you to lead the way with us. In doing so, you join a team of Partners and ensure that our community has the resources to compete in the global market and strengthen all that is great about Jefferson County.
